

Michelle Wang & Kallie Zhang

64%

of Canadian workplaces are implementing hybrid employment.

20%

of hybrid workers feel less productive and

52%

more likely to report feeling disconnected from their in-person coworkers.

The Problem

Workers report feeling a lack of:

Communication

Unable to connect quickly with their coworkers.

Coordination

Task hand-off is inefficient.

Consistency

Accountability and workflow decreases online.

anova

all-in-one application for office workers

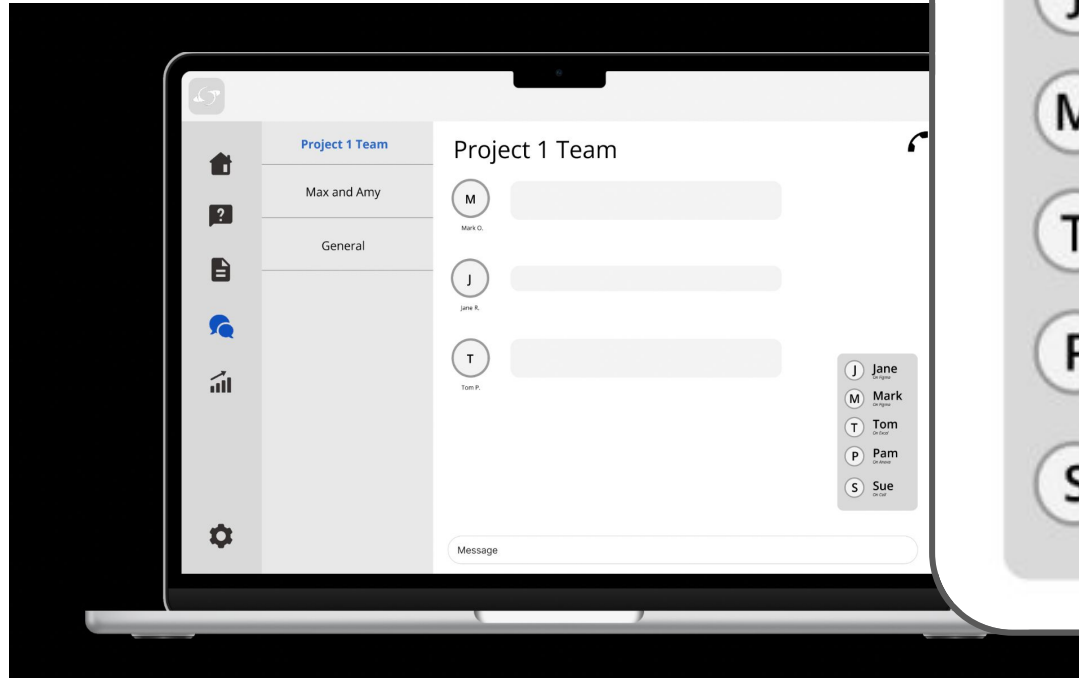

Communication

"It's hard to connect the team quickly, especially in an emergency. You don't know their exact availability or what they're working on."

- Elaine Ding, Senior Analyst @CMHC
